

ORPHEUM ANNOUNCES PARKING PLAN FOR ORPHEUM SEASON TICKET HOLDERS

The Orpheum is pleased to announce that arrangements have been finalized between Central Parking System (CPS) and the Theatre to provide parking for all Broadway shows to season ticket holders at a reduced price in the MLGW parking garage located at the corner of Front and Linden, entrance on Front Street.

Pre-paid season passes are available to season ticket holders at a reduced price of \$7 per pass, a savings of \$3 to \$13 each time you park, depending on other events being held in the area. These season passes are not date/time specific and may not be used during Memphis in May events. Parking spaces are not reserved – it is first come, first served.

Season ticket holders may buy one parking pass for each show: example, if an 8 show package is purchased, then eight parking passes may be purchased. With a five show package, five parking passes may be purchased. Passes must be purchased all at one time before the season begins. No add-ons later.

The MLGW Garage generally opens two (2) hours prior to an event and is available for any subscriber to plan an afternoon or evening out prior to performance time by making dinner reservations or visiting any one of the many restaurants offering discounts thru your PERKS card. These restaurants are listed on our website, www.orpheum-memphis.com.

When patrons arrive at the garage, the pre-paid pass must be turned into the garage attendant. **Passes have no cash value and lost or stolen passes cannot be replaced.**

Central Parking System will continue to control and staff the garage. MLG&W security oversees the parking facilities and may be contacted for after-hours access if parking staff is not available and the booth and overhead doors are not open.

The garage has a height clearance of 84 inches. Any vehicle that is near or exceeds this height clearance is urged to park at another facility.
