

NEW THIS YEAR: HSMTA Teacher Mentorship Program

The Orpheum High School Musical Theatre Awards program is thrilled to announce our new HSMTA Teacher Mentorship Program!

This is an opportunity for seasoned HSMTA teachers to be matched with teachers newer to the process in order to develop camaraderie and foster professional relationships with colleagues from across the Mid-south. The goal is to elevate high school theater across the region by sharing best practices around scheduling, budgeting, selecting a show, and the Orpheum HSMTA process overall.

Each mentorship match will mutually decide on their preferred communication style and develop their mentor/mentee relationship as they see fit based on their own needs and objectives.

All matches will be at the sole discretion of the Orpheum Theatre Group. By submitting to participate you agree to accept the match(es) as assigned to you.

This program is meant as a resource and professional development opportunity for those who wish to opt in. It in no way affects your overall adjudication process, scoring, or status in participation in this program.

If interested in being a mentor or mentee, please [fill out this form](#) by December 6th, 2026.
